## **Middle Market and Public & Labor Insured Medical Disclosure as of 05/15/2021**

This supplemental underwriting disclosure document (the “Supplement Document”) provides additional information regarding your programs and services and is intended to be used in conjunction with your new business proposal or renewal letter. The Supplemental Document applies to our Middle Market and Public & Labor Accounts Insured medical relationships administered by Aetna Life Insurance Company and its affiliates, including Innovation Health Insurance Company, Texas Health + Aetna Health Insurance Company, Banner Health and Aetna Health Insurance Company, Allina Health and Aetna Insurance Company and Sutter Health and Aetna Administrative Services, LLC. For purposes of this document, Aetna may be referred to using ‘we’, ‘our’ or ‘us’ and your company may be referred to using “you” or “your”.

### **Contract Period**

Our policies provide for automatic renewal upon the completion of each contract period unless either party invokes the termination provision requiring 31 days advance written notice of termination to the other party. This provision may be invoked at any time during the continuance of the contract (that is, not just limited to termination occurring on the renewal date).

### **Eligibility**

#### **Employee Eligibility**

Eligibility applies to:

- Permanent full-time employees working 25 hours or more per week, on a regularly scheduled basis or as mandated by legislative or regulatory requirements.
- Eligible dependents include an employee's spouse, domestic partner, and children up to the limiting age of the plan or as mandated by legislative or regulatory requirement. Individuals cannot be covered as an employee and dependent under the same plan.
- Children eligible for coverage through both parents cannot be covered by both under the same plan.

## **Middle Market and Public & Labor Insured Medical Disclosure as of 05/15/2021**

### **Dependent Eligibility**

Eligible dependents include an employee's spouse and children up to the limiting age of the plan. Individuals cannot be covered as an employee and dependent under the same plan, nor may both under the same plan cover children eligible for coverage as an employee and dependent under the same plan, nor may both under the same plan cover children eligible for coverage through both parents. Dependents must enroll in same benefit option as the employee. Domestic partners may be covered as eligible dependents if the employer elects this designation at contract effective date or renewal date. Coverage is available to eligible dependents who are same sex or opposite sex partners. If the plan sponsor elects to cover domestic partners, the plan sponsor is responsible for determining whether the domestic partner is eligible.

### **Eligibility Transmission**

We will receive eligibility information weekly or biweekly, from the Plan Sponsors location(s) and/or by the Plan Sponsor's designated vendor. Our preferred method of submission is via electronic connectivity. We do not charge for the first 4 electronic reporting (ELR) segments whether associated with one transmission or by multiple methods. Costs associated with more than 4 electronic reporting segments or with any custom programming necessary to accept the Plan Sponsor's eligibility information and/or information coming from a designated vendor are not included in this proposal and will be assessed separately. During the installation, we will review all available methods of submitting eligibility information and identify the approach that best meets the Plan Sponsor's needs or the needs of their designated vendor.

### **Producer Compensation**

Aetna will honor "Agent of Record" or "Broker of Record" letters when an agent, broker or consultant sells new business or takes over one of its customers from another agent, broker or consultant. Please have an appropriate representative from your company sign such a letter using your company's letterhead. The change will become effective on the first day of the month following the date the payment unit receives the "Agent of Record" or "Broker of Record" letter unless another future date is designated in the letter. Aetna has various programs for compensating agents, brokers and consultants. If your company would like information regarding commission and additional bonus programs for which your agent, broker, or consultant may be eligible for, payments (if any) which Aetna has

made to your agent, broker, or consultant (including commission and applicable bonus payments), or other material relationships your agent, broker, or consultant may have with Aetna, you may contact your agent, broker, or consultant, or your Aetna Account Executive. Information about Aetna's programs for compensating agents, brokers and consultants is also available at [www.aetna.com](http://www.aetna.com).

### **Network Services**

#### **Primary Care Physician Referrals**

Due to certain provider contractual arrangements with some Independent Provider Associations (IPAs) and medical groups, we will permit specific exemptions to the requirement that a member obtain a referral from their primary care physician (PCP) before receiving care from other providers.

#### **California Primary Care Physician Referrals**

Given the unique nature of the health care system in California, referral registration for members in California is generally not required \*. The delegated model in place in the state already encourages providers to make appropriate referral decisions for our members. We believe this decision is in the best interests of plan sponsors, members and providers. \* However, please note that referral registration is required in California in the event that the servicing provider is not in the same network area (e.g., Los Angeles, Northern California, San Diego and Central Valley) as the member or the member's PCP. In addition, PCP selection is required. Par provider claims for members that do not select a PCP will be processed at the par non-authorized level.

#### **Relationship Advisor**

At times, we secure the assistance of third parties in support of procuring business and responding to RFPs. Any payments to such third parties will be disclosed to you in case you choose to include such information in your Schedule 5500.

## Claim and Member Services

### **Alternate Office Processing (AOP)**

We regularly use both internal and external claim adjudication services to meet service requirements of our business. These services may be located inside or outside of the United States. Aetna quality standards and controls apply to all claims regardless of where they are processed. Standard pricing assumptions are in effect based on type of product, auto-adjudication, plan design, and customer specific requirements. We may adjust rates based on the above factors and/or where plan sponsors wish to limit use of Alternative Office Processing (AOP).

### **Medical Explanation of Benefits (EOBs)**

We make EOBs available through our secure Navigator website for subscribers who have registered to use Navigator and for whom we have a valid email address. We send members an email when a new EOB is available. All other members receive paper EOBs. If a member receiving EOBs electronically prefers paper EOBs, they can get them by telling us that is their preference. Please note that unless required by state law we do not produce EOBs for claims when there is no member liability.

### **Utah Provider Network**

Effective January 1, 2017, changes will be made to the Utah provider network. Please contact your account manager for details on the changes and information on how to check provider status.

## Federal Mandates

### **Federal Mental Health Parity**

The Federal Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA) applies to fully-insured Traditional and HMO Middle Market (MM), Public and Labor (P&L) &

## **Middle Market and Public & Labor Insured Medical Disclosure as of 05/15/2021**

National Accounts (NA) commercial plans for plan years beginning on or after October 3, 2009. Please speak to your Account Manager if you would like additional information.

### **European Union: General Data Protection Regulations (GDPR)**

Aetna International has implemented a framework to follow the General Data Protection Regulation (GDPR), which became law in all European Union (EU) and European Economic Area (EEA) countries on May 25, 2018. This law gives people greater protection over their personal data, with the potential for significant fines for privacy breaches. GDPR includes requirements related to data collection, storage and usage among the companies and organizations that process personal data of individuals in the European Union.

Our domestic plans are not in scope. To help support operational requirements of GDPR, members based in the EU and EEA must be enrolled in Aetna International plans.

### **Health Care Reform**

Aetna believes this new business proposal or renewal letter is compliant with health care reform.

#### For Customers with Grandfathered and Non-Grandfathered Plans

For your company's plans that are currently certified as grandfathered, in order to retain grandfathered status, the plan must meet all grandfathering criteria and must have done nothing to cause the loss of grandfathered status in relation to the benefits in place on March 23, 2010. It is your responsibility to inform us whether changes to your plan have resulted in a loss of grandfathered status. We recommend that you seek the advice of legal counsel in making this determination and/or before making changes to your medical plan or your business that might defeat grandfathered status.

You are also required to notify us if your contribution rate changes for a grandfathered plan at any point during the plan year. By accepting your renewal, you represent that your contribution rate towards the cost of coverage for the upcoming plan year has not decreased by more than 5 percentage points below the contribution rate that was in effect on March 23, 2010.

Except for specific and limited scenarios described as transitional rules in the health care reform legislation, if a plan's grandfathered status has been lost, it cannot be regained. If, after reviewing the grandfathering rules with your benefit consultant or counsel, you

## **Middle Market and Public & Labor Insured Medical Disclosure as of 05/15/2021**

determine that your coverage could be or is grandfathered, and you want to retain grandfathered status, you should contact your Account Executive for further instructions.

### For Customers Claiming Religious Exemption

Certain employers and organizations with a religious or moral objection, may claim an exemption from ACA contraceptive services coverage requirements, or request an accommodation. If you qualify and want to claim an exemption or request an accommodation, please work with your Aetna Account Executive to submit the required Certification so Aetna can handle accordingly. Aetna will treat your plan as subject to the ACA contraceptive services coverage requirements without an executed Certification on file.

### Retiree Only Plan Status Certification

Guidance issued by the Internal Revenue Service (IRS), and the U.S. Department of Labor (DOL), and Department of Health and Human Services (HHS) has indicated that “retiree-only” plans are exempt from the benefit mandates under the ACA (though retiree-only plans are subject to certain ACA fees and assessments). In order to demonstrate the establishment of a retiree-only plan, a plan should maintain, separately from the plan for current (i.e., active) employees, a separate plan document and Summary Plan Description (SPD) and file a separate Form 5500. If your company has a retiree-only plan, and wants to be considered exempt, you may be asked to submit a retiree-only certification form and required documentation by your Aetna Account Executive.

The benefits and fees within the new business proposal or renewal letter are subject to change pending any required approvals or future guidance from state or federal regulatory agencies. If you have questions, please contact your Aetna Account Executive.

### Waiting Period Requirement

When renewing your plan(s) with us, you represent that:

- You will give us effective dates for your employees and their dependents that take into account all state and federal eligibility conditions and waiting period requirements, including a reasonable and bona fide orientation period.
- If this information changes, you will inform us immediately.

## **Middle Market and Public & Labor Insured Medical Disclosure as of 05/15/2021**

### Summaries of Benefits and Coverage (SBC)

The SBC must include statements about whether the plan or coverage provides minimum essential coverage (MEC) and if the coverage meets minimum value (MV) requirements. Under the Affordable Care Act (ACA), MV and MEC determinations are associated with the employer shared responsibility provisions. We will review the MV standard for each plan based on the MV calculator criteria provided by the Department of Health and Human Services (HHS) and will indicate within the SBC whether the plan meets or does not meet the MV standard based on this review. We do not provide legal or tax advice and recommend that

plan sponsors consult with their own legal and tax counselors when reviewing MEC and MV determinations. We have no responsibility or liability regarding the MV or MEC evaluation, regardless of the role we may have played in reviewing/producing the SBC documents. To the extent you disagree with our evaluation, we will make changes to reflect your determination, as you are responsible for the final determination of these SBC elements.

### Employer Reporting Requirements

Under Internal Revenue Code (IRC) Section 6055 health insurance issuers, certain employers, government agencies and other entities that provide Minimum Essential Coverage (MEC) to individuals must report to the IRS information about the type and period of coverage and furnish related statements to covered individuals. This information is used by the IRS to administer the individual shared responsibility provision and by individuals to show compliance with the individual shared responsibility provision.

For insured group health plans, the reporting obligation under Section 6055 is our responsibility. We will report the required information to the IRS about the type and period of coverage provided to each individual member enrolled in our insured plans and will furnish the required statements to subscribers.

IRC Section 6056 requires applicable large employers (those having employed an average of 50 or more full-time employees during the preceding calendar year) to report to the IRS information about the health care coverage they have offered and furnish applicable statements to employees. The purpose is to allow the IRS to enforce the employer responsibility provisions.

To satisfy the 6056 employer reporting requirements, an applicable large employer must file the required returns with the IRS by no later than February 28 of the year following coverage (if filing on paper) or March 31 (if filing electronically), and furnish a statement to all full-time employees by January 31st of the year following the calendar year to which the return relates.
